Case No. '14CV1907 JLS JMA

vs.

NARCONON FRESH START d/b/a
SUNSHINE SUMMIT FRESH START;
ASSOCIATION FOR BETTER LIVING AND
EDUCATION INTERNATIONAL;
NARCONON INTERNATIONAL and DOES
1-100, ROE Corporations I – X, inclusive,

Defendants.

COMPLAINT AND JURY DEMAND

Plaintiffs Sherri, and Emily Brown (“Plaintiffs”), by and through their counsel, Ryan Hamilton of HAMILTON LAW, LLC, allege the following:

1. Plaintiffs were, and at all relevant times to this Complaint are, residents of San Bernardino County, California.

2. Defendant Narconon Fresh Start d/b/a Sunshine Summit Fresh Start (hereafter "Fresh Start"), is, and at all times relevant to this Complaint was, a corporation incorporated under the laws of, and with its principal place of business in, the State of California. NFS has been at all relevant times transacting business in Warner Springs, County of San Diego, California.

1 3. Defendant Narconon International (“NI”) is a California corporation with its headquarters
2 in Los Angeles, California.

3 4. NI is the principal of Fresh Start. As set forth in more detail below, NI exercises control
4 over the time, manner, and method of Fresh Start’s operations.

5 5. NI was doing business in the State of California by and through its agent and
6 subsidiary/licensee Fresh Start. NI may be served with process through its registered agent,
7 Sherman D. Lenske, 6400 Canoga Ave., Suite 315, Woodland Hills, CA 91367.

8 6. Fresh Start and NI are subsidiaries of the Association for Better Living and Education
9 (“ABLE”). ABLE oversees the drug rehabilitation, education, and criminal justice activities of the
10 Church of Scientology including, but not limited to, NFS and NI.

11 7. Defendant ABLE is a corporation registered in the State of California with its headquarters
12 in Los Angeles, California.

13 8. ABLE controls the time, manner, and method of NI’s and Fresh Start’s businesses by
14 actively managing their daily operations, including conducting inspections of Narconon centers
15 and creating, licensing, and approving their marketing materials.

16 9. ABLE transacts business in the State of California by and through its agents, NI
17 International and Fresh Start. ABLE may be served with process through its registered agent,
18 Sherman D. Lenske, 6400 Canoga Ave., Suite 315, Woodland Hills, CA 91367.

19 10. Plaintiffs are unaware of the true names and capacities, whether individual, corporate,
20 associate, or otherwise, of Defendant DOES 1-100, inclusive, and, therefore, sues these
21 Defendants by fictitious names. Plaintiffs will seek leave of this Court to amend this Complaint
22 when the identities of these Defendants are ascertained.

1 12. Venue is proper in this Court pursuant to 28 U.S.C. § 1331(a) because a substantial portion
2 of the events and omissions giving rise to this lawsuit occurred in this District, and the Court has
3 personal jurisdiction over each of the parties as alleged throughout this Complaint.

4

5 **FACTUAL ALLEGATIONS**

6 13. On or about March 6, 2014, Plaintiff Sherri Brown was searching on the Internet to find a
7 rehabilitation facility for her daughter, Plaintiff Emily Brown. She came upon a drug rehab
8 website that claimed to be a resource for finding independent rehabilitation facilities. Sherri called
9 the number on the site, and spoke with a representative named Jake.

10 12. Jake told Sherri that he was part of a referral agency just looking to help people get off
11 drugs. Jake said he had a program with a 76% success rate, Fresh Start.

12 13. Jake told Sherri he would put Sherri in contact with the person in charge of arranging
13 finances at Fresh Start.

14 14. Sherri was then contacted by Tonya Lawson, Admissions Counselor at Fresh Start.

15 15. Tonya represented to Sherri that the cost of the Fresh Start was \$33,000. When Sherri
16 explained that she did not have that much money, Tonya explained that she could arrange a
17 "scholarship" for \$23,000 for Emily Brown. Tonya told Sherri that Emily needed this program and
18 if she didn't pay for this program, she would be paying for her daughter's coffin.

19 16. Sherri asked Tonya three times whether the Fresh Start program had anything to do with
20 religion. Each time Tonya responded that the program was completely secular.

21 17. Tonya represented that there would be licensed medical professionals such as doctors or
22 nurses to care for her daughter. Tonya also represented to Sherri that Emily would receive
23 counseling through this program.

24 18. Tonya also represented to Sherri that the treatment program Fresh Start offers has a 76%
25 success rate.

1 19. Tonya further represented to Sherri that the Fresh Start program has a sauna program that
2 has been scientifically shown to reduce or eliminate an addict's drug cravings by flushing out
3 residual drug toxins stored in an addict's fatty tissue.

4 20. Based on these representations, Sherri paid Fresh Start \$10,000.00 to provide drug
5 treatment to her daughter, Emily.

6 21. Sherri executed the contract attached hereto as **Exhibit A**.

7 22. The contract warrants that “[t]he Narconon Program is secular (NON-RELIGIOUS) in
8 nature and does not include participation in any religious studies of any kind.”

9 23. The contract further provides that the

10 The Narconon program was founded in 1966 by William Benitez,
11 where it was first used in the Arizona State Prison, after being inspired
12 by the practical betterment philosophy of author and humanitarian L.
Ron Hubbard in the book, *The Fundamentals of Thought*.

13 24. The actual title of the book the contract refers to is *Scientology: The*
14 *Fundamentals of Thought – The Basic Book of Theory and Practice of Scientology*
15 *for Beginners*.

16 25. The Church of Scientology's website indicates that this book was
17 “designated by L. Ron Hubbard as the *Book One of Scientology*.” (emphasis in
18 original) See <http://www.scientology.org/books/catalog/scientology-the-fundamentals-of-thought-paperback.html>

20 26. Contrary to Fresh Start's representations, there were no doctors medical
21 professionals such as doctors or nurses at Fresh Start d/b/a Sunshine Summit Lodge
22 to oversee Emily.

23 27. Emily did not receive any type of substance abuse counseling at Fresh Start.
24 Counseling is not a part of the treatment program Fresh Start offers.

1 28. Fresh Start uses the Narconon treatment program. The Narconon program is the same for
2 every patient regardless of the patient's specific addiction problems.
3

4 29. The Narconon program consists of eight books based on the works of L. Ron Hubbard, the
5 founder of the Scientology religion. These eight books contain almost no information about drugs,
6 substance abuse, or its treatment.
7

8 30. The eight Narconon books contain only Scientology doctrines and teachings. Such
9 doctrines include, without limitation, the Eight Dynamics of Existence, the Conditions of
Existence, the Suppressive Person and Potential Trouble Source doctrines, the Tone Scale, the
Affinity Reality Communication triangle, and the Cycle-of-Action.
10

11 31. Almost all of the material in the Narconon books has been copied directly out of
Scientology scriptures.
12

13 32. In the Narconon program, patients are instructed to demonstrate their understanding of
Scientology concepts like the "Eight Dynamics" by creating clay models.
14

15 33. Fresh Start had Emily perform drills known as "Training Routines" or TRs. These TRs
come straight from Scientology scripture and have no apparent connection to the treatment of
substance abuse.
16

17 34. For example, in TR3, Fresh Start had Emily sit with another patient and repeatedly ask the
other patient "Do fish swim?" for hours on end.
18

19 35. To gauge a patient's progress in the program, Fresh Start administered Scientology's
20 personality or stress test known as the "Oxford Capacity Analysis." This "analysis" contains 200
21 questions that a patient must answer "yes," "no," or "maybe."
22

23 36. A typical question on the Oxford Capacity Analysis is question 3: "Do you browse through
railway timetables, directories, or dictionaries just for pleasure?"
24

25 37. Fresh Start also had Emily undergo the Narconon sauna program, called the New Life
Detoxification Program.
26

1 38. The sauna program, known as the “New Life Detoxification” program is identical to the
2 Scientology ritual known as “Purification Rundown,” or the “Purif.” Beginning Scientologists are
3 required to go through the Purification Rundown.

4 39. In the New Life Detoxification program students first exercise vigorously before entering
5 the sauna each day. On entering the sauna, Fresh Start requires each student to ingest increasing
6 doses of Niacin and a “vitamin bomb.”

7 40. Fresh Start claimed the New Life Detoxification program would reduce or eliminate
8 Emily’s drug cravings by flushing her body of residual drug toxins stored in her fatty tissue.

9 41. Not only does the New Life Detoxification Program fail to live up to Fresh Start’s claims
10 about its benefits, the sauna program is dangerous. By having patients such as Emily ingest
11 extreme doses of Niacin and other vitamins while sitting in extreme temperatures for hours, the
12 sauna program unnecessarily exposed Emily to serious health risks.

13 42. In a prior lawsuit, Dr. Louis A. Casal, an expert retained by Narconon International and
14 Narconon of Northern Georgia in a wrongful death suit filed against those entities, testified at his
15 deposition. The relevant portions of Dr. Casal’s deposition testimony are attached hereto as
16 **Exhibit B.** When asked under oath about the New Life Detoxification program, he testified that
17 there is no scientific basis for the notion that sweating in a sauna detoxifies a person’s body or
18 treats addiction:

19 Q. Have you looked at the Narconon literature on what Narconon contends the
20 benefits from the sauna are?

21 A. [Dr. Casal] Yes, I have.

22 Q. And the sauna program, what Narconon contends is that in – it in fact detoxifies
23 your body. True?

24 A. True.

1 Q. But there's no scientific basis that you can point me to to support that contention, is
2 there, sir?

3 A. You're correct.

4 Q. So when Narconon states that the sauna program detoxifies its students, you're not
5 aware, as a medical doctor, of any scientific basis for that contention?

6 A. I agree.

7 Exhibit B, Deposition of Dr. Louis Casal, 136: 21 – 137:9.

8 43. Despite their own expert's admission that there is no scientific basis for the idea that
9 patients sweating in the New Life Detoxification Program treats addiction, Fresh Start continues to
10 represent to prospective patients, as they did to Plaintiff Sherri Brown, that the New Life
11 Detoxification has been "scientifically and medically proven" as effective.

12 44. Narconon claims a success rate of over 76% for all Narconon centers, including Narconon
13 Fresh Start d/b/a Sunshine Summit Lodge. Narconon International has published no studies or
14 other verifiable evidence to support their claimed success rates.

15 45. Dr. Casal, the medical expert retained by Narconon International in another lawsuit,
16 testified at his deposition that he was not convinced Narconon's claimed success rate was true:

17 Q. Okay. What are you relying on – well, let me ask you this; do you believe that 76
18 percent success ratio is accurate?

19 A. [Dr. Casal]. Mr. Harris, I'll be honest with you, that's a big number.

20 Q. Yeah, it's -- it's a real big number.

21 A. It's a big number.

22 Q. And it's completely inconsistent –

23 A. I – I hope it's true, but, I mean, I would need some convincing.

24 ...

25 Q. Okay. Do you have any idea where Narconon is getting the numbers that it's using?

1 A. You know, in the interest of time – I just didn’t have enough time to delve deeper
2 into those studies, Mr. Harris. And I – I would be happy to, but, no, I don’t have a clear
3 understanding of where that 70 – 70-something number came from, no, sir.

4 Exhibit B, Deposition of Dr. Louis Casal, 124:21 – 125:5; 126:1 – 7.

5 46. Likewise, the Director of Legal Affairs for Narconon International, Claudia Arcabascio,
6 advised the Narconon Freedom Center in Michigan not to claim the high success rate in
7 responding to a Better Business Bureau complaint. Ms. Arcabascio advised Narconon Freedom
8 “do not say we have 70% success (we do not have scientific evidence of it).” See email from Ms.
9 Arcabascio, attached hereto as **Exhibit C**.

10 47. Defendants are well aware that there is no basis for the claimed success rate of the
11 Narconon program. Nevertheless, Fresh Start claimed a 76% success rate for the Narconon
12 program to Sherri Brown to induce her to send her daughter to Fresh Start for treatment.

13 48. Narconon documents indicate that the Narconon program is used to recruit patients into the
14 Church of Scientology. For example, a Narconon titled the “Narconon Technical Line-Up”
15 provides a flow chart of a patient’s experience into and through the Narconon program. The
16 document shows that when a patient finishes the Narconon program, the patient is to be “route[d]
17 to the nearest Org for further services if the individual so desires.” “Org” is Scientology jargon for
18 an individual church providing services for the Church of Scientology. A copy of the “Narconon
19 Technical Line-up” is attached hereto as **Exhibit D**.

20 49. Narconon considers its program to be the “Bridge to the Bridge.” That is, Narconon
21 considers its program to be an initial step into getting on Scientology’s “Bridge to Total
22 Freedom,” the key spiritual journey that practitioners of the Scientology religion undertake. See,
23 e.g., “Narconon News, 1974, Volume 6, Issue 3: Narconon Is The Bridge to The Bridge,” attached
24 hereto as **Exhibit E**.

1 50. Fresh Start displays tokens of gratitude it has received for introducing patients to
 2 Scientology around its offices. At Fresh Start's headquarters in Glendale, California, hangs a
 3 plaque from the Church of Scientology that thanks Larry Trahant and "The Narconon Fresh Start
 4 Team" for introducing patients to L. Ron Hubbard and "The Bridge." The writing on the plaque
 5 provides, in relevant part:

6 Larry and his dynamic team at Narconon Fresh Start are hereby
 7 warmly thanked and highly commended for their dedication and
 8 hard work. They give us tremendous back up in introducing LRH to
 9 the world and are saving lives on a daily basis. There are thousands
 10 of beings who have taken their first steps on The Bridge, thanks to
 11 the compassion and efforts of this team.

12 A photo of this plaque is attached hereto as **Exhibit F**.

13 51. Scientology's own marketing documents show that the Narconon program is part of
 14 Scientology's plan to "clear" the planet. (To "go clear" is the ultimate spiritual goal for a
 15 Scientologist, achieved after one goes up the "Bridge to Total Freedom.") The document attached
 16 hereto as **Exhibit G**, shows a Church of Scientology, or an "Org" as it's known, with an arrow
 17 directed at the Narconon "Jumping Man" logo. The document reads:

18 The question is not how to clear an individual, it's how to clear a
 19 civilization ... by making every one of our orgs a central
 20 organization responsible for every sector of Scientology activities
 21 across it's [sic] entire geographic zone.

22 In other words, the Church of Scientology is supposed to direct Narconon to
 23 achieve Scientology's spiritual goal of "clearing" the planet.

24 52. Fresh Start is using the Narconon program to introduce Scientology and L.
 25 Ron Hubbard's "technology" to unwitting patients seeking drug rehabilitation. This
 26 is exactly as the Church of Scientology directed as part of its "Social Coordination
 27 Strategy." Scientology explicitly outlined this strategy in an urgent Executive
 28 Directive from the Authorization, Verification, and Correction Department of its

1 Religious Technology Center. The Executive Directive outlining the “Social
2 Coordination Strategy” is attached hereto as **Exhibit H** (hereafter the “SOCO
3 Directive”).

4 53. The SOCO Directive instructed all SOCO GROUPS, which includes
5 Narconon, as follows:

6 YOU ARE THERE TO SELL LRH’s TECH TO THE SOCIETY
7 AND GET IT USED, AS THE TECH. You do this through a
8 SMOOTH JOB OF PROMTIONAL ORGANIZATION – FRONT
9 GROUPS, CORPORATIONS, FIELD WORKERS, ETC.
10 (emphases in original).

11 The SOCO Directive expressly directed using front groups to introduce L. Ron
12 Hubbard’s “technology,” *i.e.*, Scienotology to society.

13 54. Due to the bizarre “treatments” Fresh Start was subjecting Emily to she felt very scared
14 and unsafe. So that she would no longer have to endure the strange treatments, Emily escaped
15 from Fresh Start in the middle of the night.

16 55. Emily continues suffering mental anguish and paranoia from her time at Fresh Start.

17 **RELATIONSHIP AMONG DEFENDANTS**

18 56. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation set
19 forth in the preceding paragraphs and further allege as follows:

20 57. Defendant Fresh Start has all appearances of being a corporate sham illusion and mere
21 instrumentalities of Defendants NI and ABLE.

22 58. ABLE and NI heavily influence Narconon Fresh Start and govern and control nearly every
23 aspect of Narconon Fresh Start’s business activities.

24 59. NI publishes operations manuals and requires that individual Narconon centers such as
25 Narconon Fresh Start d/b/a A Life Worth Saving abide by these manuals in their operations. These
operations manuals are called “Running An Effective Narconon Center” and “Opening A
Successful Narconon Center.”

1 60. These manuals show that NI and ABLE have the ultimate authority over Narconon Fresh
2 Start employees. Narconon Fresh Start cannot demote, transfer, or dismiss a permanent staff
3 member at Narconon Fresh Start without approval from the Senior Director of Administration at
4 NI.

5 61. NI has the ultimate authority over the hiring of staff members at Narconon Fresh Start. If a
6 Narconon Fresh Start staff member does not meet the qualifications of a staff member, the staff
7 member may petition the Senior Director of Administration at NI to remain on staff.

8 62. If a staff member at Narconon Fresh Start believes she has been given orders or denied
9 materials that make it hard or impossible for her to do her job, she may file a “Job Endangerment
10 Chit” with the Ethics Department at NI. NI then investigates and works to resolve the staff
11 member’s issue.

12 63. The operations manuals require staff members at Narconon Fresh Start to report
13 misconduct and “nonoptimum conduct” to the Quality Control Supervisor at NI. NI investigates
14 misconduct at Narconon Fresh Start and may take disciplinary actions against its staff members.

15 64. NI receives ten percent of the weekly gross income from Narconon Fresh Start.

16 65. NI requires Narconon Fresh Start to send it detailed weekly reports containing statistics of
17 more than 40 different metrics. NI review these weekly reports and orders changes at Narconon
18 Fresh Start based on increases or decreases in the statistics in the reports.

19 66. NI and ABLE require that Narconon Fresh Start receive approval on all promotional
20 materials before Fresh Start disseminates them. Further, Fresh Start must obtain approval as to its
21 Internet websites from NI and ABLE before the sites “go live.”

22 67. NI and ABLE also assist in creating Narconon Fresh Start’s advertising materials. NI and
23 ABLE dictate the contents of those advertising materials.

24
25

1 68. NI requires that Narconon Fresh Start maintain a “building account fund” in which weekly
2 monies from the gross income are used to purchase new premises and also as a cushion to salvage
3 the organization in dire circumstances. The “building fund” is under the control of NI.

4 69. NI and ABLE regularly conduct “tech inspections” at Narconon Fresh Start. These
5 inspections entail NI and ABLE monitoring and correcting the manner in which Narconon Fresh
6 Start delivers the Narconon treatment program to patients at Fresh Start. NI and ABLE instruct
7 staff at Fresh Start as to the exact manner in which they are to perform their services and deliver
8 the Narconon treatment program.

9 70. NI and ABLE also publish all training materials for Narconon Fresh Start. This includes
10 seven different training materials on subjects ranging from the Narconon sauna program to
11 overseeing to delivering the Narconon treatment program.

12 71. NI and ABLE micro-manage individual Narconon centers such Fresh Start d/b/a A Life
13 Worth Saving that they publish the exact materials authorized to be sold in an individual Narconon
14 center’s bookstore. Further, the NI Director of Technology and Approval demands and ensures
15 that there are good photos of L. Ron Hubbard visible in every center and that materials are
16 available to students and staff as to L. Ron Hubbard’s contributions in the field of alcohol and
17 drug rehabilitation.

18 72. NI and ABLE work with individual Narconon centers such as Fresh Start on legal
19 problems, including patient requests for refunds and complaints to the Better Business Bureau. In
20 addition, NI and ABLE work to combat negative publicity for Fresh Start.

21 73. NI and ABLE are intimately involved in the day-to-day operations of Narconon Fresh
22 Start. NI and ABLE have the final authority over all decisions at Narconon Fresh Start relating to
23 hiring and firing, delivery of services, finances, advertising, training, and general operations.

24 74. There is such unity of interest and ownership among Narconon Fresh Start, NI, and ABLE
25 that they are inseparable from one another.

1 75. The separate corporate existences of Narconon Fresh Start, NI, and ABLE is a scheme to
2 fraudulently induce patients to enroll in one of their treatment facilities and pay substantial funds.
3 Further, Defendants perpetrate this scheme to recruit for and promote the Scientology religion.

4 76. It is interests of justice to disregard the corporate shield and treat Defendants Fresh Start,
5 NI, and ABLE as identical. Accordingly, each claim for relief listed below is made against all
6 Defendants.

7 **FIRST CLAIM FOR RELIEF**

8 **DAMAGES FOR FEDERAL WIRETAP VIOLATIONS UNDER 18 U.S.C. § 2520**

9 77. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation
10 set forth in the preceding paragraphs and further allege as follows:

11 78. Defendants use scripts to route person from a website that purports to be a site for a non-
12 profit referral service for persons seeking help finding an appropriate rehabilitation facility. This
13 website is www.drug-rehabs.org.

14 79. The website www.drug-rehabs.org is owned and operated by Narconon Fresh Start. A copy
15 of the script that Defendants use to route persons from this site to Narconon Fresh Start is attached
16 hereto as **Exhibit I**.

17 80. Using this script, a Fresh Start staff member poses as a drug and alcohol counselor
18 working for a non-profit referral service. The staff member manipulates the caller by, *inter alia*,
19 purporting to make an assessment of the addict's situation and declaring that the addict has a
20 "Category 3 Drug Addiction." Exhibit I, p.4. In reality, the Fresh Start staff member is not making
21 an assessment, but instead is merely reading from the script that has pre-determined the addict has
22 a "Category 3 Drug Addiction."

23 81. The Fresh Start staff member then uses the script to steer the person to want to seek
24 treatment at Fresh Start. When the caller is ready to speak to a salesperson or "registrar" at Fresh
25 Start, the caller is to be "tagged live" to the Fresh Start salesperson. *Id.* at p.8. This means that the

1 call is transferred from the Fresh Start staff member posing as an independent referral service to a
2 Fresh Start salesperson.

3 82. The script advises Fresh Start staff to “ALWAYS TAG LIVE, if the person does not want
4 to talk to a counselor, bring them back to the ruin, remind them they said they were willing to do
5 whatever it takes, ICE WATER DIP them with the major problems you uncovered, let them know
6 what will happen if ____ doesn’t get the right help.” *Id.* at 8. (emphases and blank in original)

7 83. The script then indicates that Fresh Start is recording its sales calls and using the
8 recordings to conduct further analyses: “(Typically if the person does not want to get tagged, you
9 have left out a step or not handled an objection properly, bring a copy of the reach sheet and the
10 TAPE (you should have taped it) to Qual and ask qual to listen to the tape with you to see where
11 the TECH went out or was left out).” *Id.* at 8.

12 84. Fresh Start, acting on behalf of all Defendants, routinely records its sales calls and saves
13 those recordings in a library of sorts for further study.

14 85. Fresh Start deliberately and purposely recorded its calls with Plaintiff Sherri Brown
15 without her knowledge.

16 86. During Plaintiff Sherri Brown’s calls with Fresh Start she provided extremely private
17 information about her family, her financial situation, and embarrassing details about Plaintiff
18 Emily Brown’s substance abuse. Plaintiff Sherri Brown had a reasonable expectation of privacy in
19 conversations with Fresh Start.

20 87. Fresh Start never asked Plaintiff Sherri Brown for permission to record their conversations.
21 If Fresh Start had asked, Plaintiff Sherri Brown would not have granted the request.

22 88. Fresh Start, acting on behalf of all Defendants, violated Plaintiff’s rights under 18 U.S.C. §
23 2511 *et seq.* by intentionally recording her private conversations with Fresh Start salespersons
24 without Plaintiff Sherri Brown’s permission.

25

1 89. Fresh Start further violated Plaintiffs' rights by disclosing the recording of their
2 conversations to others as a means of teaching the high pressure and deceptive sales techniques
3 Fresh Start uses.

4 90. For Defendants' violations of 18 U.S.C. § 2511 *et seq.*, Plaintiffs are entitled to all
5 damages recoverable under 18 U.S.C. § 2520, including, without limitation, costs and reasonable
6 attorneys' fees, punitive damages, injunctive relief, and statutory damages.

7 **SECOND CLAIM FOR RELIEF**

8 **BREACH OF CONTRACT**

9 91. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation set
10 forth in the preceding paragraphs and further allege as follows:

11 92. Defendants contracted with Plaintiff Sherri Brown, to provide Emily, in exchange for
12 consideration, secular, residential drug and alcohol treatment.

13 93. Defendants breached this contract by, *inter alia*: (i) failing to provide services constituting
14 drug and alcohol treatment; and (ii) providing Scientology in lieu of drug and alcohol treatment.

15 94. Defendants' breaches have caused Plaintiffs to suffer damages in excess of this Court's
16 jurisdictional minimum.

17 **THIRD CLAIM FOR RELIEF**

18 **FRAUD**

19 95. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation set
20 forth in the preceding paragraphs and further alleges as follows:

21 96. The following is a non-exhaustive list of false representations Defendants knowingly
22 made to the Plaintiffs: (i) that the Fresh Start program has a 76% success rate; (ii) that the Fresh
23 Start program is secular and does not involve the study or practice of any religion; (iii) that Emily
24 would receive counseling related to substance abuse at Fresh Start d/b/a Sunshine Summit Lodge;
25 (iv) that Fresh Start's sauna program, *i.e.*, the Purification Rundown, is safe and has been

1 scientifically shown to be effective to reduce or eliminate drug cravings; and (v) that Emily would
2 be under the supervision of licensed medical professionals such as doctors or nurses during the
3 program.

4 97. Tonya Lawson made these statements to Plaintiff Sherri Brown on or about March 6, 2014,
5 to induce her to admit her daughter to Fresh Start. Fresh Start also made these statements on its
6 website, www.sunshinesummitlodge.com, and Lawson directed Plaintiffs to the site. Fresh Start
7 staff made these same false representations to Plaintiffs throughout Emily's stay at Fresh Start.

8 98. Had Plaintiff Sherri Brown known that any of the above representations Defendants made
9 were false, she would not have admitted Emily to Fresh Start.

10 99. As a proximate result of Defendants' fraudulent conduct, Plaintiffs have suffered injuries
11 and pecuniary damages in excess of this Court's jurisdictional minimum.

12 **FOURTH CLAIM FOR RELIEF**

13 **NEGLIGENCE**

14 100. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation set
15 forth in the preceding paragraphs and further allege as follows:

16 101. Defendants owed Plaintiffs a duty to render substance abuse treatment to Emily in a
17 manner that did not subject her to an unreasonable risk of harm. Defendants further had a duty of
18 care to render reasonably safe and effective treatment to her.

19 102. Defendants breached these duties by: (i) failing to staff the Fresh Start treatment facility

21 administer treatment; and (iii) providing Emily Scientology in lieu of substance abuse treatment.

22 103. As a proximate result of Defendants' breaches of the above duties, Plaintiffs suffered
23 damages and injuries in excess of this Court's jurisdictional minimum.

11 **SEVENTH CLAIM FOR RELIEF**

12 **CLAIMS UNDER CALIFORNIA UNFAIR COMPETITION ACT,**

13 **Cal. Bus. & Prof. Code § 17200**

14 113. Plaintiffs incorporate by reference, as if fully set forth herein, each and every allegation set
15 forth in the preceding paragraphs and further allege as follows:

16 114. Defendants, both on their website at www.sunshinesummitlodge.com, and through their
17 sales representatives Tonya Lawson, advertised to Plaintiff Sherri Brown the following false
18 statements of fact: (i) that the Fresh Start program has a 76% "success rate;" (ii) that Defendants'
19 sauna program, the New Life Detoxification program, flushes residual drug toxins from a patient's
20 tissues and thereby reduces or eliminates drug cravings; (iii) that the Fresh Start or the Narconon
21 treatment program has the highest "success rate" in the drug and alcohol rehabilitation field; and
22 (iv) that Fresh Start provides "cognitive behavior therapy" when, in fact, the courses and education
23 NFS offers is nothing more than entry-level Scientology.

24 115. NI and ABLE control and approve Fresh Start's advertising materials and scripts that
25 salespersons such as Tonya Lawson use when speaking to prospective patients.

1 116. Defendants' marketing materials for Fresh Start do not disclose that all rehabilitation
2 materials used at Fresh Start are the same materials persons beginning the study and practice of
3 Scientology use. Further, the marketing materials for the New Life Detoxification Program do
4 not disclose that it is based on the work of L. Ron Hubbard and is a Scientology ritual known as
5 the "Purification Rundown."

6 117. Plaintiffs have been injured by relying on Defendants' false advertisements. Members of
7 the public are likewise likely to be deceived by Defendants' false and misleading advertising.

8 118. Defendants' deceptive and unlawful business practices complained of herein continue to

10 and unlawful practices until they are judicially compelled to stop.
